PROJECTS

Cuberto-Inspired Website Clone | *HTML/CSS, Javascript, Git, VS Code*   Sept 2023
- As a passionate web development student, I embarked on a challenging yet rewarding project to create a website inspired by the innovative design principles of Cuberto, a renowned design and development agency
- The Cuberto-inspired website clone project was a testament to my commitment to mastering web development and creating visually stunning digital experiences

Creation Room | *HTML/CSS, JavaScript, Agora*   Nov. 2023
- Developed and implemented a robust online meeting room solution, enhancing virtual collaboration and communication for a distributed team.
- Utilized modern web technologies to create a responsive and user-friendly meeting room accessible across various devices.

Myntra Website Clone | *HTML/CSS, JavaScript, React.js, Node.js*   Mar. 2024
- Utilized React.js to develop a Myntra clone, showcasing products fetched from a server. Leveraged React's component-based architecture for efficient UI development.
- Integrated functionalities to add or remove products from the shopping cart, providing users with a smooth shopping experience akin to the original platform.

Ochi Website Clone | *HTML/CSS, JavaScript, React.js*   Apr. 2024
- Developed a fully animated clone of the Ochi website using React, showcasing proficiency in frontend animation techniques.
- Created interactive components with engaging animations, such as hover effects, click interactions, and scrolling animations, to captivate users and encourage exploration.

EXPERIENCE

Internship with Bharat Intern | *Intern*   Oct. 2023 – Nov. 2023
Gained hands-on experience with [HTML/CSS, JavaScipt, Bootstrap, vs code], enhancing proficiency in full-stack development.

Internship in Smashing Infolabs pvt ltd | *Intern*   Feb. 2024 – Present
Currently interning at Smashing Infolabs, specializing in React.js development. Collaborating on real-world projects, gaining hands-on experience in frontend development, and contributing to team initiatives. Excited to apply skills and knowledge in a dynamic environment.
